FAQs

Shouldn't I pick an "area specialist" to sell my home?

There are agents who focus primarily in one geographic area or neighborhood. But buyers come from all over the valley and country, not just from that small neighborhood. So an area specialist usually really means "listing agent" in the area.

Many years ago the real estate business was successfully composed of lots of small "boutique" offices – that specialized in a certain area or part of town. But MLS, computers, the Internet, and cell phones have changed that aspect of the real estate business. Now the important points in selecting an agent are experience, track record, technology and marketing skills.

RUSSELL SHAW VS OTHER REALTORS

The ordinary agent sells 8 to 12 houses per year; "Top Agents" sell 22 to 30 per year

Fact:

My team and I help more home sellers sell than any other agent in Arizona. We sell over a house per day!

FAQs

Why do your homes sell so fast? Do you price them too low?

Absolutely not. Most of our listings sell at full price. We make it our business to know the market, so we can ensure we get the highest possible price for our sellers. Studies show that the highest value for a home is achieved in the first 30 days – so it is important to get it right the first time.

Our homes typically sell two and a half times faster than the average agent because of the effective marketing we do. We accomplish this by first doing a supply/demand analysis in the immediate area for any home we consider marketing. All agents have access to the same market information. It is the evaluation of what that information means to the marketing of a home that matters. X-rays mean nothing until they are evaluated by a competent doctor. Similarly, knowing what the market is doing in any area affects both the marketing time and value.

FAQs

Why do you sell so many homes?

Due to our extensive radio and TV campaigns, as well as our direct mail and internet presence, more buyers and sellers are familiar with us than any other agent in the valley. Additionally, experience, product knowledge, doing the little things right, effective marketing programs, and our skilled team all add up to positive results. Every field has people who, through their drive and passion, manage to excel.

If we list with you, will my home be on the internet?

Absolutely! All of our yard signs, as well as our TV and radio ads prominently feature our website address. No other local agent offers that benefit. Our media promotion drives thousands of buyers to view homes on our website.

Your home will also be prominently featured on over 150 websites with premium placement on sites such as Realtor.com, the number one real estate website in the world, as well as Zillow and AZ Central. To increase buyer interest in our properties we've secured a featured homes position. Per Realtor.com our listings are viewed twenty times as often as a regular listing on Realtor.com.

THE CUSTOMERS ALWAYS WRITE

...I might feel lost not speaking to you regularly!! THANK YOU for all of your enduring PATIENCE, TENACITY, and genuine care. So many times, I just needed to know that somebody understood what this situation was doing to us!! I needed to be listened to and understood. You were really there for me. I appreciate your professionalism and your doggedness to stay with it. Thank you again so much.

Warmly, Beth Anderson

Exceptional! Your team work - with each member doing his job so well - is impressive. A special thanks to Jean Patterson - her attention to detail was remarkable. I have already sung your praises.

Frances Brunt

I was lucky to have your help! I'm so glad I found you! Thank you so much! I have a medical problem & I appreciate your extra help & time. My experience was exceptional.

Mary Carter

Ron and I wanted to extend our thanks and gratitude for EVERYTHING you and your team did to successfully execute a short sale on our home.

This would never have been possible had it not been for the team (and I mean TEAM) ... You are a finely tuned group that had the insight and expertise to succeed.

To you and your TEAM – Thank you!!!!! – Two simple words that simply underestimate the value of how fabulous you have been and all while holding our hand through the emotional element to the process.

Ronald & Fran Sussman

I just would like to thank the Russell Shaw group for everything that they have done for me. I had fallen on a bit of hard times and had to unload my home. I wanted to try everything possible to prevent a foreclosure. I tried working with my mortgage company, but that got me nowhere. I finally decided to short sale my home. I did not even consider using any other realtor. I have only heard great things about Russell Shaw. I knew if it was possible to sell my home that Russell Shaw would be my best choice. Every person that I talked with was prompt, professional, and very courteous. They never made me feel like I wasn't an important customer, even though I was going through the short sale process...

Once again I would like to thank you and your team. I could not have asked for a better realtor. When I get back on my feet and I am looking for a home again I will not even consider using another realtor.

Thank you, James Wheeler

...All of our interactions with the fabulous people in your group made our whole home buying experience pleasant even with the hurdles we encountered during the lending approval process. We wanted you to know how much we appreciated Rina, J.C, and Jean. Bonuses all around? I think so!!

When we have a need for a realtor in the future you will definitely be called. We will also rave about you to any family member, friend, or acquaintance. We could not have had a better experience with buying a house.

We wish you all continued success. Polly and Jim Mack

Highest service I have experienced from any real estate company. Exceptional!

FAQs

I heard that there are limited service agents who charge less. Why shouldn't I hire the cheapest agent?

Sellers don't need an agent just to sell their house. They need an agent to sell their house for more! If your property would sell for the same price no matter who sells it – it probably would be in your best interest to sell the home yourself. In that case, why pay any agent?

The fact of the matter is we can sell your home for more. We have the track record we do because we are experts at pricing the property (using a specific supply-demand analysis prior to even looking for "comps") and experts at creating the greatest amount of exposure of your property.

Even at contract presentation, we do not follow the pack. We do not permit other agents to pressure you into a rash decision. The contract will be presented to you by us alone. This specific action (especially when there are multiple offers) gets significantly more dollars for our sellers. It is very difficult for a seller not to transmit emotions and reactions to another agent. That can cost sellers money. Just like a poker player wears dark glasses to hide their hand, we want to protect you from tipping your hand and giving up money.

INTERNET, WHERE WE MARKET YOUR HOME

A few of the websites YOUR home will be featured on, with multiple photos & a Virtual Tour, when you list your home with the Russell Shaw Group of Realty **ONE Group**

backpage.com

Plus over 150 other high traffic sites where real estate consumers are searching. All of our listings are also on Immobel.com, which translates all of our listings into 12 different languages

Why should we list our home for sale with you?

You should hire us for the same reason that thousands of sellers have used us over and over again for more than 30 years. They know that they can depend on us to get them the most money, in the shortest amount of time, with the fewest

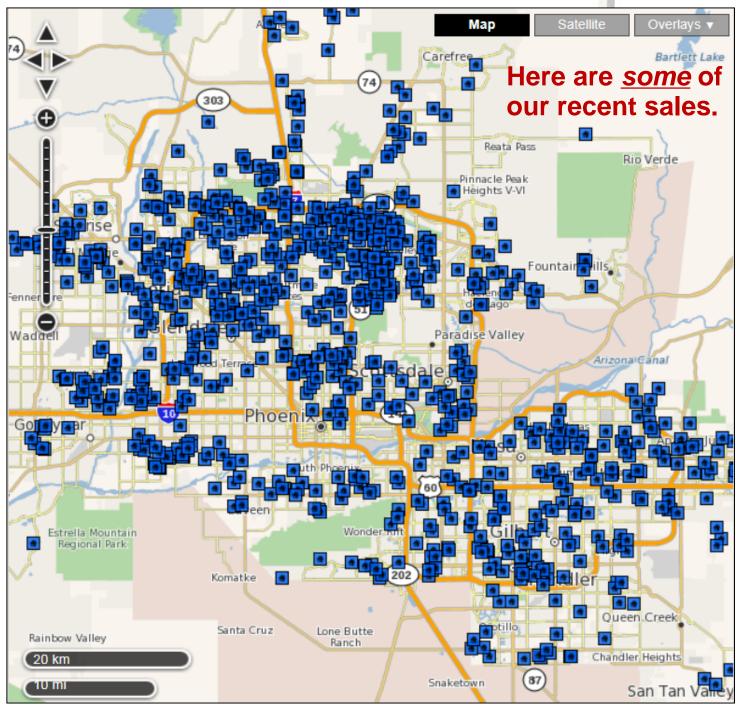

Our No Hassle Listing Home Marketing system offers benefits that the ordinary agent does not. Our program offers flexible commissions to put more money in your pocket, a client reward program when both buying and selling that actually rebates cash back to you, a cancel anytime policy, and the right to sell your home yourself and pay us nothing. Additionally, our average time to sell a home is over 2.5 times as fast as an ordinary agent.

Every year we help well over 400 people buy and sell. The average agent handles around eight sales a year. When hiring anyone to perform a job for you, experience should weigh heavily in that decision. Who really wants to be the surgeon's first patient?

Let's examine one of our program benefits; we allow you to cancel the listing at anytime. Most agents will not give the consumer this right. You might ask yourself why agents need to "lock you up" for four to six months. Why would they be afraid to give you the right to cancel? Our philosophy is that we would rather strive to earn your business every day. We are confident that we can provide a superior level of service and care. If we don't, we don't deserve your business. It is that simple.

We help more home sellers sell than <u>ANY</u> other agent or team. We work Valley wide and have sold over 6,000 homes, most at full price or more.

Selling AND Buying?

If you sell a home as well as purchase another home through the Russell Shaw Group of Realty ONE Group you may be eligible for a special CASH BACK BONUS.

1% of the sales price of the 2nd home you buy or sell.

	Price	Cash Back
1	\$250,000	\$2,500
	\$500,000	\$5,000
	\$1,000,000	\$10,000

Examples:

Program details: The 1% seller cash back program applies to any purchase and sale that pays 3% on each to the Russell Shaw Group. In the event that either of the two commissions falls below 3%, the cash back will be reduced accordingly. For example: Seller sells home with 3% paid but purchases a home with a 2.5% commission to the Russell Shaw Group. In this scenario the cash back to our client would be .5% rather than the full 1%. All cash back amounts are calculated on the base price commissions are paid on which may be less than the actual sales price. Payment is made to client after the close of the 2nd transaction. Both sales must occur within the same 180 day period.

Many Agents think their most important job is satisfying the customer. I don't think that's true. I believe that satisfying the customer is simply the minimum requirement for staying in business. My staff and I work constantly to improve our systems, process and services to go beyond the standard level of "service" provided by most agents.

Simply put, our objectives are to get you the most money in the least time, and with the fewest hassles. We want to provide the best service in the industry. Period.
